

BRM4 ® is a proprietary immune enhancing complex from Daiwa Health Development, Inc. and has been shown in clinical studies to enhance the immune system by increasing the activity of the white blood cells. * Scientific research indicates that the active ingredient in BRM4 ® can enhance Natural Killer (NK) cell function, increase the count of T and B lymphocytes, strengthen and increase the macrophages and cytokines. *

The active ingredient in BRM4 ® is Rice Bran Arabinoxylan Compound (RBAC), a polysaccharide dietary fiber derived from rice bran, modified by an enzyme from Shiitake mushrooms. BRM4 ® is an immune modulator, shown to be safe with no harmful side effects. *
