**Ecological Formulas' Monolaurin gives the body a good dose of lauric acid in the form of monolaurin so you can stay healthy and free of infections.**

The Monolaurin dietary supplement is a great way to combat and prevent bacterial and viral infections. The formula features 600 mg of monolaurin for boosting immunity and offering protection against common infections. It is a miraculous solution to give you ultimate protection against many of today's common infections. The supplement does not have any chemical allergens or toxic ingredients that could lead to an adverse reaction. The supplement contains Monolaurin, Inosine, Magnesium Stearate and Gelatin. Take one or two capsules every day or as directed by your doctor. Make sure you consult with your physician before consuming the supplement.

- Protects Against Common Infections
- Helps to Boost Immunity
- No Chemical Allergens or Toxic Ingredients
- Contains No Life, Wheat, Yeast, Corn or Harmful Compounds

### **Safe ingredients**

The Monolaurin dietary supplement features the monoester of the fatty acid lauric acid. Our organically-sourced ingredients go through a safe production process that allows supplements with pure extracts and minimal contaminants. Thanks to the exceptional manufacturing methods of the brand, this supplement exhibits special delayed release properties. It does not contain any liver, wheat, yeast, corn or harmful compounds. This impressive feature is what makes our supplement ideal for anyone who deals with a food intolerance or allergy.

### **Combats Viral Infections**

Lauric acid treats several bacterial and viral infections. Studies reveal that Lauric acid prevents and relieves flu and bronchitis. It is also helpful in treating yeast infections, ringworms and giardia. It is an incredible supplement for people who are experiencing fever blister outbreaks. The fatty acid also protects the cardiovascular system. Although some people like to get Lauric acid by cooking with vegetable oils, but it also comes in supplement form so everyone can benefit from it.

### **Stronger Immunity**

If you are tired of skipping work or school days every month because of a cold, it's time to include this dietary supplement in your diet. Infections pose a harmful threat to the body's functions, especially if the immune system doesn't get enough time to develop a defense against a potential attack. The primary ingredients enhance the immune system to effectively eliminate infectious invaders and foreign bodies. The powerful composition of this formula guarantees a stronger protection against the common cold, flu and other bacterial infections. Lauric acid strengthens the body's defense mechanism so you never miss an important event.

### **Easy to Swallow**

Take one or two capsules with meals or as directed by your doctor. Since the bottle contains 90 capsules, the supplement is good enough to last up to 45 or 90 days. The product guarantees good results and ensures that you stay protected and free of infections. Since, it's convenient to consume, you can easily add this supplement to your daily diet to benefit from its powerful ingredients. The

supplement does not lose its effect over time. It doesn't have any side effects, and taking the supplement consistently keeps your body systems up and running to avoid any sudden infections. The 2 cm capsules aren't difficult to swallow either, as long as you drink some water or juice along with it.

### Proven to Overcome Infections

Lauric acid is known for protecting the body against several types of infections. That's why the dietary supplement is great for people who don't want to turn to antibiotics or antiviral medication. Despite being a part of various foods, there are still many cases of harmful infections because people are unable to maintain a proper balance of foods that can overcome infections. If your busy lifestyle or poor dietary habits do not allow you to consume a nutritional diet, get this supplement today to strengthen your immunity and protect yourself against many of today's most common diseases.
